Dear Mr. and Mrs. Rothwell, Ms. Sykes, Mr. Gates, Mr. and Mrs. Kohler, and Mr. and Mrs. Arnold,

Attached is the latest monthly update of the cleanup taking place to address the Keller Transport gasoline spill. I apologize for getting it to sent to late. I have been out of the office. I will also be sending a copy of this update to the information repository that was established at the Polson Library, Mr. and Mrs. Jones, Mike Voleskey with Governor Schweitzer's Office, Kirby Campbell- Rierson with Senator Baucus's office, Virginia Sloan with Senator Tester's office, and Maren Olsen with Representative Rehburg's office. Should you have any questions or trouble with downloading the pdf. document, please let me know. I have not been sending along the analytical data because the Xcel files are quite large and very technical in nature. If you would like copies, please let me know and I'll try to print off all the files and place them in the mail.

Sincerely, Libby Faulk
